DETAILED ACTION

1. Claims 21-28 are allowed and renumbered as 1-8, respectively.
2. The following is an examiner's statement of reasons for allowance:

The cited art taken either singly or in combination with other prior arts fails to anticipate or fairly suggest the limitations which the Applicant claims in independent claims 21 and 25 in a manner which would warrant a rejection under 35 U.S.C. § 102 or 35 U.S.C. § 103, especially when these limitations are considered within the specific combination claimed.

The cited art, U.S. Pat. No. 6,654,880 to Akram, discloses a method of fabricating an integrated circuit having a plurality of contact pads comprising the step of providing a layer of nickel/titanium alloy on each pads. Akram, however, fails to teach the nickel/titanium alloy having a specific compositions of: "*55.5 ± 0.5 weight% nickel and 44.5 ± 0.5 weight% titanium*" as claimed in claim 21, and "*between about 55.5 and about 56.5 weight% nickel and between about 43.5 and about 44.5 weight% titanium*" as claimed in claim 25., and these specific compositions could not easily be conceived of even by a person skilled in the art in the light of the features disclosed by Akram.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
